State Flags With Clamshell Packaging

State and Territorial Flags

Many Mariners fly the official state flag of their home port as well as a "state courtesy" flag when visiting another state. In both instances, accuracy and durability are of the utmost importance.

Annin state and territorial flags are made to exacting specifications. Seals and designs are authentic and always in correct proportion to the flag's size.

Our Anco-Dye process reproduces the intricate state emblems with precision, accuracy and detail. Colors are brilliant and extremely long-lasting. All flags are made with SolarMax heavyweight nylon fabric and furnished with heavy duck headings and grommets.

An Annin exclusive, these reusable, clear plastic "clamshell" containers protect your flag from dirt and water. Containers are "stackable" for proper storage and labeled for quick, easy identification. They even float in case of accidental "overboards." **Each \$12.80**
