Prints

Screen Print Processing is the ideal method to make multiple units of custom design flags and banners. Annin's custom-made printed products are made using the latest technology and equipment. Our production capabilities allow us the utmost flexibility to provide our customers with a broad range of printed flag products on a wide variety of fabrics.

Printed products exceptionally bright, well defined colors. This process is also an excellent choice to simulate 4-color process printing or where graduated, variable color, fade effects are desired.

Several screen printing processes and combinations are available to produce just the right effect for your specific application. Our experienced Custom Quote Representatives will be glad to help you choose the technique that is best for your flag needs.

NOTES:

Prices shown are for images produced from digital graphic files, vector formatted. Other types of artwork such as black and white computer, photographs or scanned color artwork can be accepted with additional art charges. The art charges are billed at \$75.00 per hour and will be determined on a per order basis.
